NORTHWOOD SCHOOL

The state of the art school building was officially opened by Hillingdon Council Leader, Councillor Ray Puddifoot in October.

Most of the £35million funding was provided by Hillingdon Council. The new school provides modern, first class facilities, additional school places for local children and should help the excellent progress made recently at Northwood School.

It is part of a wider £144million secondary school expansion programme being undertaken by the Council. Cabinet Member for Finance, Jonathan Bianco: "This is a first class, modern new school funded by the Council which will benefit thousands of local children over the coming decades.

Thanks to sound financial management, Conservative-run Hillingdon Council is able to invest in our children's future."

NEW SECURITY FENCING

Following complaints from both local residents and traders of anti-social behaviour at the rear of the Salisbury Road shops, your Councillors intervened to ensure that fencing was installed.

This fencing prevents non-residents and non-traders from gaining access to the area of ground where anti-social behaviour was taking place and has seen a significant reduction in anti-social behaviour around the shops.

Councillor Duncan Flynn is delighted with the new fencing. He said, "it is so important that, thanks to the Council's support, anti-social behaviour is tackled to ensure people feel safe. It has been pleasing to hear that this fencing has reduced anti-social behaviour around these important local businesses which serve our community.

ROAD RESURFACING

More roads have recently been resurfaced in Northwood Hills ward as part of Conservative Hillingdon Council's ongoing road resurfacing programme.

Because we are able to directly use our influence as councillors, and with the continued sound financial management of Hillingdon's resources, a number of roads have recently been resurfaced including: Briarwood Drive, Brookdene Drive, Elgood Avenue, Haydon Drive and Winchester Road.

GREEN FLAG AWARD

Northwood Hills now has a Green Flag award for the Hog's Back open space on Northwood Way.

Councillor John Morgan said, "Your Conservative Councillors are dedicated to providing high quality green spaces for local residents.

It is wonderful news for Northwood Hills that we now have a Green Flag for the Hog's Back. The Hog's Back is a much-loved local beauty spot and this is a well-deserved accolade."
